Subject: RE: IAs for Hopi

That is fine with EPA. I usually don't have start dates for the new IAs until October 1st. In the case of the HAMP, it is an amendment to an existing IA and it sounds like there is not a huge rush on the funds.

Thanks,

Emmanuelle

Subject: IAs for Hopi

Emmanuelle,

I am following up on our call yesterday. You stated that the IAs for Moencopi and HAMP will not likely be sent to IHS until the end of September. We just wanted to let you know that our finance deadline to receive documents and process any money before the end of FY2019 is September 9th. If we get the documents after that, they will just be processed at the beginning of the next fiscal year. If that is ok with EPA, then we can just proceed with that.

Thank You,

Joshua Van Vleet, PE
